

Toot'n Totum  
1201 S. Taylor  
Amarillo, TX. 79101  
(806) 373-4351

To Whom It May Concern:

Toot'n Totum had used a local check recovery and verification company for over 20 years.

Checks approached us with a customized check recovery program designed to meet our needs and goals. This approach offered us an unique and innovative program that uses new technology to help us get a handle on our bad checks. We now look at check recovery and verification as an extremely important part of our everyday business.

I feel that Ken Brumelle and Tom Miller are partners in our business by the extreme interest they show. They approach our business with Energy, Enthusiasm, and Change.

They continue to exhibit their commitment and vested interest in our business. Toot'n Totum's decision to cease operations with a local company that had collected our checks for years was not easy. Since the switch to Checks, we have not looked back and only enjoy the help that Checks provides.

Ken Brumelle continues to stay in contact with me daily if necessary to fine-tune our systems or just update us in our everyday problems.

I have personally recommended Checks to other businesses in Amarillo and will continue to do so.

I can be contacted for further references if needed. Please do not hesitate to call me at 806-373-4351- Ext. 111.
